

July 14, 1970

Our new finish line is between the Committee boat which will be at anchor (once it has arrived at the finish), and Cows buoy No. 32. In the absence of the Committee boat, finishers must pass CLOSE ABOARD buoy 32, leaving it to port. We emphasize "CLOSE ABOARD", because one of our most experienced skippers went to the wrong side of the Committee boat tonight. We won't mention his name, but of course he is listed as having not finished.

Following is the order of finishers on corrected time:

	<u>ELAPSED</u>	<u>CORRECTED</u>
Utopia Ltd., McDonald	2:25:17	2:10:07

Our next day race will be Sunday, July 26. After that, we will have day races every Sunday in August, in addition to our regular Tuesday night races. The August 30 race is sponsored by Stamford Landing who are putting up a perpetual trophy and are throwing a party for skippers and crews after the race. You should have received an invitation from Stamford Landing by the time you read this. Our own handicap system and Race Committee will be in action for this race as in all our races.
