The last race of the Summer series takes place August 23. The Stamford Landing Trophy race takes place August 30. The Summer series and the Stamford Landing Trophy race are completely independent of one another. There has been some confusion on this point. We hope it is now cleared up.

Our group has achieved a certain stature, if you can call it that: the Police have received complaints that we block up the entrance to the harbor with our starts, and we were so informed by Steve Black, the Harbor Patrol Supervisor. Effective immediately, a line will be set up for starts with Gong 1 at one end of the line, just south of the West breakwater. We don't know yet what the other end of the line will be, but look for us near Gong 1.
