

BREAKWATER IRREGULARS

October 13, 1970

Course: 32A, Bell 1
 One or two spinnaker legs, 3 miles each

Our Final Gun Regatta enjoyed mild temperatures and light winds. Fifteen yachts rafted afterwards, and Ann Barton came back by launch to make it sixteen crews that were present. Billy Heller sailed on Shmatte against his own crew and boat and beat them. Is there a message in this? A rumor is around that next year two who crewed this year will have their own Ranger 26. Wait till they find out our 1971 rules will require Ranger 26's to sail backwards!
