

[This is being transcribed from the original, because of fading ink. The original is not dated, but must have been between June 11, 1970, when a restaurant contribution of \$1.75 per head was said to be sufficient, and April 18, 1971, when the first annual fee of \$20 was imposed.]

### BREAKWATER IRREGULARS SPECIAL BULLETIN

Dear Skipper:

We hope you are enjoying the Tuesday and Sunday races as much as we are.

You must realize by now that some expense is incurred with these races: mailings, committee boat expense, etc.

At a meeting last Tuesday night, a majority of us decided to ask for a contribution of \$1.00 per boat per race participated in. Sey Colen has volunteered to collect this money on Tuesday night at the Colony Restaurant, or skippers may send it to his home: 50 Frederick St., Stamford 06902. You will not be dunned for this, but your contribution will be appreciated.

Another problem has developed in regard to the tab at the Colony Restaurant. Most of us have been paying \$2.00 per head, but for some unknown reason we find this does not take care of the total bill. The last one leaving gets stuck for \$5.00 to \$10.00. We don't have any control over what is ordered or how much we are being charged.

Your recommendations are requested.

Respectfully submitted,
