

BREAKWATER IRREGULARS

June 29, 1971

Course: 32A, 34, marks to starboard. 7 miles.
2 spinnaker legs, 2 miles each.

The winds smiled upon the Breakwater Irregulars last night, and the course was completed with dispatch. The large number of yachts brought about a number of right-of-way confrontations.

Those of our members who have not done much formal racing should be advised that an important part is knowing the rules and insisting on the rights you have. It is essential to protest if you think your rights have been violated; otherwise a disregard of the rules is encouraged.

Following is the order of finishers.
