

BREAKWATER IRREGULARS

July 7, 1971

Course: 32A, 15, marks to port; 9 miles.
Spinnaker leg 3 miles

Eighteen yachts of twenty-three starters finished within the time limit last night. A passing storm made noise, but the fleet felt only peripheral effects.

Bill Glenn in Spindrift has been tearing up the pea patch in his hot Grampian 26, so he is moving from Division 2 to Division 3. We wish there were something we could do to cool off that other pistol, Bill Heller in Arriba.

Following is the order of finishers.
