

BREAKWATER IRREGULARS

August 2, 1971

Course: 32 to port, 28 and 32A to starboard. 13 miles.
All yachts used spinnakers.

A handful of our dauntless fleet defied the rumblings of Thor, and sailed a course that, for once, had wind during the entire race.

Following is the order of finishers.

This mailing begins use of envelopes provided and addressed by Dick Miller, skipper of the Pearson 26, Felicia. Dick made this offer to help, and we certainly appreciate it. We just hope he has gotten over the habit of hitting marks of the course.
