

## BREAKWATER IRREGULARS

August 25, 1971

Course: 34, 32A, 15, all to port. 10 miles.  
 2 spinnaker legs, 2 miles and 3 miles.  
 Wind: W to WNW, moderate.

The short starting line makes for heightened competition for the limited space available. In the start of Division III, a response by Billy Heller in Arriba to a luff from Wavemaker inadvertently caused Arriba to tack over to port, in the face of a pack of barging starboard yachts. Pandemonium reigned!

When we sorted out the finishes and corrected times, again Pandemonium who reigned. Nice going, Everett. Following is the order of finish.
