

BREAKWATER IRREGULARS

October 4, 1971

At this writing, we are happy to report that Dick Alexander, in Toy, won his division in the Denmark race.

To remind those who have not looked at their schedules lately, although evening races have ended, we have two more day races, October 24, and October 31.

Following is a reproduction of a letter we have had from Amos (Red) Brown and his lovely wife, who, until the end of the 1970 season, were among our most earnest competitors, and, certainly, nicest members.

August 10, 1971

Dear Dick,
